

Polo

POLO

Developed in partnership with end users, Specifiers and Facility Managers, Polo is a new kind of dynamic workspace solution with a wide range of options for all.

Polo is an adaptable system, easy to structure for any job function. From an initial building block a multitude of layouts can be created. Its comprehensive design will fit almost any application asked for - personal or collective tasks, formal or informal interactions, while still utilising the best use of space. Rewarding for your staff and a highly effective way to manage your office.

▼ The structural beam at the heart of this system supports the high capacity cable management demanded by the requirements of a flexible workspace.

Polo facilitates the creation of a complete office landscape from a single product platform.

millarwest

Polo

Polo allows your company to manage workspace more effectively due to the ease with which it can be configured and reconfigured. Choose a design that accommodates new requirements and activate it with the minimum of disruption when your needs change.

Polo is a family of furniture covering workstations, storage, desk top optimisation and cable management. Polo is designed using a platform system that manages the whole office space, irrespective of the work functions needed.

Polo is flexible and can be assembled and reconfigured quickly. Its individually structured work spaces encourage team working.

millarwest

▲ Power modules and cable management can be accessed from the desk top by the optional sliding top system or from the drop down under-desk tray on the standard workstation.

millarwest

Polo is inspiring for staff and a highly effective way to manage your office.

Designed to fulfil a multitude of requirements and working situations Polo is equally suited to individual management workstations providing a single theme throughout the office.

Polo frames are supplied as standard in silver with non stock options of white.

There are 7 different choices of top finishes to include woodgrains and plain colours.

A comprehensive range of matching storage units are available.
