

ARTHUR

The shape and form of the Arthur collection draws inspiration from the modern city. In the grand lobby of a striking hotel, located in the heart of one of the world's most awe-inspiring cities, you'll find our Arthur seating and table collection.

COFFEE TABLE

The strong shape and form of the Arthur collection is mirrored beautifully within the coffee table design. The coffee table is constructed skilfully yet delicately. It is exquisite, striking and a perfect complement to the Arthur family.
