BS 4875-8: 1998 – Strength and Stability of Furniture – Methods of determination of stability of non-domestic storage

Manufactured in accordance to:

ISO 14001: 2004 - Environmental Management Systems.
BS EN ISO 9001: 2008 - Quality Management Systems.

Materials: 25mm top panel, 18mm carcass, including back panel – FSC certified MFC produced to: BS EN 312: 2010, BS EN 120: 1992, BS 4965: 1999, BS 476-7: 1997, BS EN 438-1: 2005.

High impact resistant ABS edging – matching surface finish of MFC. Bonded to the board using synthetic blended polymer adhesives resulting in a durable, hard wearing finish. Solvent and CFC based adhesives are avoided.

Tambour produced in co-extruded Polypropylene providing rigid hollow sections for strength with integrally formed hinges which allow the 'carpet' to slide smoothly around the track.

The tambour tracks are produced in injection moulded ABS for precision and quality. All materials are recyclable.

Heritage:

Over thirty years of in-house manufacturing experience of this type of furniture supplied successfully into educational establishments throughout the U.K.

Considerations:

- Available in a range of heights to suit the working environment
- Available with a wide selection of standard fitments to suit user's need storage needs.
