Spec Sheet

# Puzzle

With 6 design sets to choose from, and a renewed selection of colours, the Puzzle panels have been created to divide space and look great.

Puzzle panels hanging at regular intervals can help to break up sound waves across an office, reception or café area. When hung in front of glass screens, the Puzzle panels can decrease reverberation in a space.

## Features

Part of the Positive Sound acoustic collection

6 different sets of panel designs, 15 individuals

# Track System for Puzzle panels

## Track System

You can now have all of our Puzzle panels installed on a gliding track system, which has been developed to help you divide larger open plan spaces into smaller, more private work areas when the need arises. The track system gives you flexibility in your spaces to create areas of both acoustic and visual privacy.

### Features

- Part of the Positive Sound acoustic collection
- 6 options to choose from
- Works with all Puzzle panel designs and sizes
- Helps zone spaces and create visual and acoustic privacy

### Standard Sizes

Code	Description	Length (mm)	Price
<b>TRACK3</b>	Track system for 3 x puzzle panels	2100	£365
<b>TRACK4</b>	Track system for 4 x puzzle panels	2800	£495
<b>TRACK5</b>	Track system for 5 x puzzle panels	3500	£615
